

BORN THIRSTY

PASTOR TIMOTHY GREEN

All of us are born thirsty. We are born with a deep thirst inside of us for God.

Eccl 3:11 lets us know that God has planted eternity in the human heart.

We are all born with a longing inside of us that only a relationship with Jesus Christ can satisfy and yet many in our world are trying to satisfy that thirst with salt water.

Instead of drinking fresh water and enjoying a life giving relationship with the God who put that longing inside of us, many turn to the pleasures of this world to try to satisfy their thirsty soul with things that will never bring lasting satisfaction and contentment.

Most people are looking for love in all the wrong places. They are trying to find peace in a bottle. They are trying to find happiness in a pill. They are looking for joy in relationships, but none of those things can satisfy the thirst that we all have in our soul.

We are born thirsty for a world beyond this world. We're thirsty for paradise.

Jer 2:13 For my people have committed two evils; they have forsaken me the fountain of living waters, and hewed them out cisterns, broken cisterns, that can hold no water.

God tells us what will quench our thirst. It's called living water!

Jesus told the woman at the well in John 4:13-14 "Whosoever drinketh of this water shall thirst again: But whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life.

Drinking the saltwater of this world will not save us or satisfy us but drinking living water will give us eternal life!

When we die, paradise will no longer be lost, it will be found for those who have been filled with the Spirit of God.

There will be no more thirst!
