

“WALK ACROSS THE ROOM”

BY: PASTOR TIMOTHY GREEN

Ten thousand steps. I've read that's the distance the average person travels sunrise to sunset, each and every day. It adds up to about 115,000 miles in a lifetime or more than four times around this big blue planet of ours. (No wonder I'm tired and my feet hurt.)

With that said, I've a question to ask. Are you using your steps wisely? Where are you walking? Where are you headed? Where is your journey taking you? What are you accomplishing along the way?

Assume the average distance across most rooms is twenty feet or about ten steps. What if ten steps, just one one-thousandth of your daily average, could actually impact eternity? If so, it might well change the way you walk.

There are a lot of lonely hurting people in the world we live in. Many of them are waiting for someone to let them know that somebody cares about them. Chances are, there might be some in the room you are sitting in right now. Are you willing to be used by God, to walk across the room and allow God to use you to make a difference in somebody's life? Will you care enough to leave your comfort zone and make yourself available to be a blessing in someone's life?

People are lonely. We live in a world that is full of activity but in the midst of all the hustle and bustle, people are starving to death for somebody to care for them. Someone to love them. Someone to take the time to shake their hand, hug their neck, show them some human affection.

I've had people tell me, "I don't have any talent or ability. I can't do anything for God." That's simply not true. Everybody can do something. All you have to have is a desire and a willingness to allow God to use you.

Why did Jesus come? To seek and to save. That's our job as well. People were Jesus' main thing and they still are. People who are lost. People who are lonely. People who are hurting. People who are depressed and hopeless. These kinds of people are all around us, the question is, "What are we doing about it?"

Walk across the room today, tomorrow and in the days to come and make a difference in somebody's life.
